

As you go for a walk outside with your family why not have a colour hunt?

Find and draw something that is **Red**

Find and draw something that is **Yellow**

Find and draw something that is **Blue**

Find and draw something that is **Green**

Lots of people remember the colours of the rainbow using a memorable phrase. Some people use the phrase :

<b>Richard</b>	=	<b>Red</b>
<b>Of</b>	=	<b>Orange</b>
<b>York</b>	=	<b>Yellow</b>
<b>Gave</b>	=	<b>Green</b>
<b>Battle</b>	=	<b>Blue</b>
<b>In</b>	=	<b>Indigo</b>
<b>Vain</b>	=	<b>Violet</b>

**Can you think of your own memorable phrase to remember the colours of the rainbow?**

Can you find something on your walk beginning with the letter:

**R**.....

**O**.....

**Y**.....

**G**.....

**B**.....

**I**.....

**V**.....

**Handy Hints!**

The object you find can just start with that letter- it doesn't have to be the same colour!

But you can try including a describing word to help, such as:

- Violet flower
- B**ig tree
- Yellow van
