

Follow the instructions below to create your own fake lace bunting.

When you are finished, why not share a picture of your creation to our social media page?

## You will need...

White Paper  
String  
Glue  
Colouring pencils/ pens

### Step One

Colour in your piece of paper either red or blue. Then fold it in half and cut a large triangle.

### Step Two

Keeping your triangle folded in half, trim the edges of your triangle on the side opposite the fold. When you flatten it out this means both sides will be the same.

### Step Three

Fold your triangle in half again and cut some patterns into your bunting. Cut some straight or curvy lines into the edges of the paper, but be careful not to chop right across the paper or you might lose some of your bunting!

### Step Four

Turn the flag over. Add a line of glue to the very top of your triangle. Add the string to your glue and then fold a small line of the paper over the string to hide it.

### Step Five

Repeat as many times as you like to make your bunting longer and longer. Colour in some of your pieces of bunting red, some blue, and leave some white.
