

Follow the instructions below to create your own paper giant daisy.

When you are finished, why not share a picture of your creations to our social media page?

## You will need...

White Paper  
Glue  
Colouring pencils/ pens  
Scissors

### Step One

Place your piece of white paper landscape. Colour the top third of the piece of paper green. Keeping your paper landscape, roll it into a tube so that the green is showing. Glue in place.

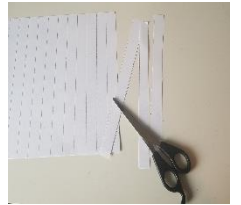

### Step Two

Cut out two circles which are the same size. These should be approx. 5cm wide. Colour one in yellow.

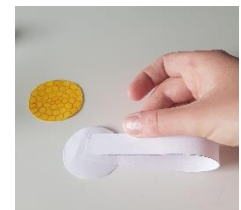

### Step Three

Cut a piece of landscape paper into strips approx. 2cm wide.

### Step Four

Add glue to your white circle. Place one of your strips onto it, then loop the strip of paper over onto itself and glue in place. Repeat for all of the petals on your flower.

### Step Five

Stick your yellow circle on top.

### Step Six

Stick your flower onto the green tube.
