

Follow the instructions below to create your own poppy bunting.

When you are finished, why not share a picture of your creation to our social media page?

## You will need...

Paper Plates  
String  
Glue  
Colouring pencils/ pens

### Step One

Fold a paper plate in half, then fold it again.

### Step Two

Cut the corners of your folded paper plate.

### Step Three

Draw your poppy design onto your plate and colour it in.

### Step Four

Using a sharp pencil, make two holes in the top of your poppy (you might need grown up help for this bit).

### Step Five

Thread the string through the holes. Repeat to create more poppies to add to your bunting.
